Darling Frances.-

How are you feeling to-day? Much better than last night? I hope so. Do take care of yourself. Did you go to Island to-day? It's mighty cool. Look out, & don't catch cold.

I didn't have a chance to speak to Nora yet, but will tell her to call you up to-night or to-morrow

so that you all can make arrangements
I'll have to start writing to Reve.
It seems that the letter I got yesterday
from the Navy department only applies
in times of peace.

Will have to close, as I
haven't much time

With all my love,

Lovingly,

Joy.
